

# MAKE YOUR LIFE EASIER WITH CHROMETA

Chrometa's passive time keeping software will track your time for you as you work. It's the easiest way to create an accurate and complete time sheet.

### Automatically Track Time on Any Device

Our automatic time trackers for Mac and PC watch your mouse, your keyboard, and the apps you use as you work. Chrometa records how long you're spending on each document, email, website, and more. No timers or stopwatches are required.

### Automatically Allocate Time to Clients and Projects

Chrometa automatically allocates time to your projects and clients using keywords, email addresses and/or phone numbers. At the end of the day, an automatically generated time sheet is ready for your review

### Monitor Project Time and Budgets

Create performance metrics to better track budget and time billing goals for your clients and practice. Be notified before your projects go over budget or over time. Receive alerts when you risk under billing.

### Maximize Team Productivity

Stay informed in real time about every team member's work and progress.

### Minimize Admin Costs

Spend less time on tedious payroll and admin tasks. Automate the boring stuff with Chrometa's automatic time trackers.

### Integrate and Export Your Data

Use your favorite practice management, accounting and project management tools with Chrometa.
